DETAILS

Robert Francis Van Wisse is being sought for the murder of a female in Austin, Texas. At approximately 8:27 a.m., on September 20, 1983, the Austin Police Department recovered the body of a female in the men's restroom of an office building. The victim died of asphyxia due to strangulation and suffocation with a wire. The victim was a late-night janitress who was cleaning the building. She was also a wife and mother with a one-year-old daughter. On the night of the murder, Van Wisse, a student enrolled at the University of Texas-Austin, at the time, was in the building registering for a course. Through investigation, it was determined that Van Wisse was the last person seen in the building before the murder. It is believed that Van Wisse fled the Austin area when he learned that he was being evaluated as a murder suspect.

On October 3, 1996, a state arrest warrant was issued for Van Wisse, by the state of Texas, Travis County, after he was charged with murder. Additionally, on March 6, 1997, Van Wisse was also charged with unlawful flight to avoid prosecution, and a federal warrant was issued by the United States District Court, Western District of Texas, Austin.
